SAFETY WHEN PARKING YOUR VEHICLE

- Check the rear-view mirror to ensure that you are not being followed.
- Be on the look-out for suspicious vehicles/persons.
- When returning home after dark, ensure that there is an outside light on, or have someone meet you at the gate or door.
- When exiting your vehicle, be cautious and aware of surrounding obstructions and shrubbery that may conceal a hijacker.
- Never sit in your parked car without being fully conscious of your surroundings. Sleeping in a stationary vehicle is particularly dangerous.
- If you think someone is following you, pretend to make a call. Say the word police with enough volume for the person following you to hear.
